[redacted] PHS was brought to our attention a few weeks ago by the Office of the DDA. We have also heard very favorable reports on this gentleman from former students other than yourself. As we advised the DDA's office when this case came up, we quite simply do not have any room in the MT Career Service for lateral entries for GS-15 and above personnel. As a matter of fact, recently I have had to take fairly drastic action in several cases to remedy a negative headroom situation. Given our situation, there is just no way that we in OTE could accommodate so highly qualified and senior individual as [redacted]. While I don't know the details of the Foreign Service Institute's personnel situation, I do know they are undertaking some new initiatives in the area of executive development, and it might well be that [redacted] could be of interest to them.
